Projects

Ritual 360 :

Developed a Flutter-based mobile application to preserve and promote traditional rituals by making them easily accessible to the younger generation. The application provides step-by-step ritual guidance in Tamil and English, along with images and videos, while using Firebase Authentication and Cloud Firestore for secure user management and real-time data storage.

Smart Education Mentor :

Developed an AI-powered learning platform that delivers personalized study recommendations based on students' learning progress and performance. The system provides interactive learning resources, progress tracking, quizzes, and AI-assisted guidance to help students improve their skills and achieve better academic outcomes.
